A THANK YOU FROM YOUR REUNION COMMITTEE

Dear Classmates:

We were young then and ready to embark on life's journey – most of us not knowing which direction to go or how we would get there. We set out never-the-less; fearless, carefree and zealous in our quest. Our dreams and aspirations were without bounds; the sky was the limit – 40 years ago! By now we've all experienced an ample portion of what life has had to offer. Success, love, joy and hope as well as disappointment, fear, sadness and failure. Despite our individual differences we all have had our share of life's triumphs and tragedies; an everlasting bond between all of us. Take the opportunity to flash back to and further strengthen those friendships which are vital and important to every one of us, for these are the ties that bind!

The Reunion may be over, but the magic persists.

What a great weekend! What a great class! It is always a marvel how easily each of us is able to step back slightly and renew these extraordinary and very special relationships that we developed so long ago.

Without much doubt, the reunion was highly successful and the most fun and finest affair of this kind that we have had to date. Time passed much too quickly.

In reality though, the Committee would like to place the thanks where they rightfully belong, with each of you. Without the wonderful encouragement and support in this endeavor, no reunion would be possible. You make things happen with your enthusiasm and good spirit. You're certainly wonderful people and this Committee is proud to serve the Class of '66. You make our tasks so much easier.

Again, thank you.

Your Reunion Committee
